Reading

20

Read the following text and answer the questions:

Education is compulsory and free for every child in U.S.A. Most children start school at the age of six. They attend eight years of elementary school and four years of secondary school. Most children end school at the age from sixteen to eighteen years according to the laws. They must study Math, IT, science ,History and a foreign language. It can be French, Chinese or German.

After graduation from high school, a student can start his higher education in a college, university, or professional school. The cost of a higher education is expensive in private universities. More than 50 % of the college students work to be able to afford their college fees.

A-Complete the table:
